**Best Practices**

Provide the web link on the Institutional website regarding the Best practices as per the prescribed format of NAAC

**Best Practice - 1****Title of the practice**

**"Industry Institute Interaction"**

**Goal**

The real embodiment of wisdom lies in the holistic approach of the Educational Institution. In our Institution, the placement cell is functioning effectively for the development of the student's life. To meet the requirements of the society, To update with the latest technology development industry and institute interaction is helped the students to evolve into high order of technocrats, entrepreneurs and each and every student is trained to grow up with right education and unlock the treasure of future. It enhances the perception of the students' thirst for education and broadens their horizons in the challenging and changing world. It also helps the Institution to maintain the quality of its educational Programmes.

**The Context**

To identify the present day requirements of Engineers and mould them as professionals of first order to meet the demands of the Industry. Developing close links between Industry-Institute by interaction Programs. High priority is given to activities designed to bring out the students innovative ideas to lime light and in turn our students assist Industry to improve and to implement novel techniques.

**The Practice**

The Placement and Training Cell ensures that the Institution maintains a cordial relationship with Industries. Meetings with personnels from the Industries and Signing of MoUs regarding Training and Consultancy Services produce better results. Faculty members also establish Industry-Institute Relationship during Industrial Visits, Educational Tours and Internship Training Programs. Institution-Industry Interface is established through inviting eminent personalities from the nearby leading Industries so as to enhance the technical knowledge of the students.

Exclusive placement training has been giving to the students from second year onwards by making MOU with leading Industries. The scope of this MoU is for the improvement of industry institute interaction by giving exposure and hands-on experience to the students in technological upgradation, innovation and competitiveness of an industry through internships, project work and placements. Various technical activities are conducted round the year which comprises industrial

visits, industrial trainings, internships, R&D center visits and trainings, skill oriented vocational courses etc.

To build good rapport between the industry and the institute, college has Memorandum of Understanding (MoU) with the industries. This provides industry support to all the department students in regards to industrial training, curriculum designing, conducting guest lectures, sponsoring projects and other related to academic. As of now we have the linkages with more than 300 industries.

The Second year students are trained by Focus 4-D Career Education Private Limited, Coimbatore and the third year students are trained by ATAS, Coimbatore.

However, all students are given a conceptual grounding in core skills and application orientation through real - time projects to ensure their skills are concurrent with market needs. This is done by internal faculty members and Industries who have signed an MOU under Industry-Institute Partnership.

### **Evidence of Success**

This practice is monitored continuously and assessed by the, Department Placement Coordinator, Head of the Department, Director - Corporate Relations and Training, Principal and Correspondent.

The Institution achieved 85% Placement for students by focusing on Students Personality Development, Technical Skills and Domain Knowledge. All the departments Conducted Programs on Personality Development, Add-on Skills, Entrepreneurship and Professional Ethics to make each student competent individuals in the Industry. Alumni meets conducted in order to get their suggestions and ideas of them to improve the quality and outlook of the Institutions as well as to get inspiration among the students. Department of CSE has achieved 100% placement with good salary package in leading MNCs.

### **Problems Encountered**

As most of the students are from rural background, we offer extensive training for all the students right from the entry into the campus till their course completion. During the first year, the students are trained in Spoken English which is essential for communicating. Declining supply of quality faculty members, doctorates as well as exposing the teaching faculty to the Industrial scenario and get them trained in an industry is a big challenge. Lacking of familiarizing the students about the rules and regulations including safety in industrial environment.

## **Best Practice - 2**

### **Title of the practice**

**"Pournami Kaviyarangam"**

### **Goal**

Language is an important tool for teaching and learning. Mother tongue has its own uniqueness while learning. As our institution is located at Tamil Nadu, here most of the students are having mother tongue as Tamil. Tamil Language is one of the most ancient language. In order to develop and hone the Tamil speaking skills of the engineering students, Tamil Mandram is functioning effectively under the chairmanship of Correspondent Prof. A.Baladhandapani, a man who is having more passionate towards Tamil Language. His motto is dissemination of ancient Tamil Culture among the youth. Furthermore, Tamil Mandram has bloomed and being flourished to foster students' knowledge in Tamil Literature and bring out the talents of the students in the language and showcase it out to the world. Through this Mandram several activities such as extempore speech, debate and essay writing etc. Full moon day function and literary activities, debate and so on are also arranged. It gives guidelines to the students to participate in various inter-college fests, article – writing and encourages them to bring out their talents in their mother tongue.

### **The Context**

In Tamil Nadu, the Students focus upon equity education based on variety and characteristics of Tamil language & Literature. The initiation of the Tamil Mandram is to inculcate the values of Tamil culture in the undergraduate learners majoring on other disciplines through the study of Tamil language and literature among undergraduates. Besides, the faculty members are encouraged and involved in triggering passion towards Tamil literary creativity among the students.

### **The Practice**

One of the oldest surviving languages and one of the world's seven classical languages, Tamil, a language whose literary heritage runs back to two-millenia, falls under multiple magnificent titles. Honouring Tamil and the prestigious culture rooted in the language, Sengunthar Engineering

College established Tamil Mandram and conducted Pournami Kaviyarangam on every full moon day, in glory and grandeur on. Centered around the theme of Tamil art forms and cultural, the ardent group of students and faculty members organizes the event " Pournami Kaviyarangam " as a tribute to this ancient language. The exemplary orator Prof. A.Baladhandapani, Secretary and Correspondent of our college always graces the occasion as the Chief Guest.

The main purpose / objectives of this event Pournami Kaviyarangam is

- To enrich the Tamil spoken and written language skills.
- To bring out the talents of the students in the Tamil language and show case it out to the world thus enhancing the progress of the society.
- To conduct various competitions and events, to cherish the greatness of Tamil Language.
- To instill the habit of being well versed to Tamil Literature.
- To disseminate knowledge by conducting workshops and events related to various social causes.

The club initiates varieties of activities aimed at building up the confidence and grooming the talents of facing various interpersonal activities and competition. Various competitions in extempore, debate, essay writing, creative writing, poetry writing, oratory are conducted to enhance the students' skills towards Tamil Language. Students are motivated to participate in other college Tamil Literary events also.

### **Evidence of Success**

Students were actively involved and participated in all the "Pournami Kaviyarangam". Students get benefit and cherished the event every month which is organized by Tamil Mandram. Most of the students were enjoyed to witness the event and more curiously attended the event as an audience.

### **Problems Encountered**

Apart from various districts of Tamil Nadu, the institution has got students from the other states of India like Bihar and Kerala. However, with several students from outside the state joining the classes having difficulties in Tamil language.

## **INSTITUTIONAL VALUES AND BEST PRACTICES**

### **BEST PRACTICE - 1**

#### **1. Title of the practice “Online Examination System”**

#### **2. Goal**

True education is to inculcate a thirst to apply all learned knowledge in their day to day life. It will improve the quality of education among the students. Indeed, The quality of education is reflected in the End Semester Examinations. The End Semester Examinations have been conducted through Proctored Online Mode in our college in association with e-NOVA Software Solutions, Coimbatore. It enhances the perception of the students' thirst for education and broadens their horizons in the challenging and changing world. It also helps the Institution to maintain the quality of its educational Programmes.

#### **3. The Context**

Educational Systems and Methodology are growing at a rapid rate. Simultaneously, the quality of Education is nurtured in the institution by conducting examinations during the lockdown period. The conduction of End Semester Examinations simplifies through the system which was adopted in the college for carrying out the activities of the examination. An online proctored examination enhances the quality of education.

#### **4. The Practice**

The best Practices in this system are listed below

- Username and Password for the mock examination and End Semester Examination shared to the students' through their official e-mail. Once a user logs into the system with Username and Password, it takes the students to take a photograph with their details. If the student does not give access to any of these, the student cannot be able to appear for the examination or the remote proctor can disable the examination in due course of time.
- The system uses Artificial intelligence (AI) to detect and record face emotions, eye movements and all activities, without any hindrance to the examinations.

- In addition to auto proctoring by the online examination system, Manual Proctors (Invigilators) continuously watch and monitor the students during the entire duration of the examination.
- The proctor with the help of the system can issue regular warnings on the screen of the student device. The examination is auto submitted after the completion of the total duration of the examination. However; students facing any technical issue during the examination can continue upto 15 minutes after the scheduled session time.
- All the actions were closely monitored by the remote proctors during the examination.
- All the Activities were automatically recorded
- Capture of facial photo. During the examination, the AI tool constantly monitors the picture of the student taking the examination with the facial photo captured initially for any mismatch. In case of any mismatch, the system captures the anomaly and a notification to the student / live proctor was also instantly displayed.

## **5. Evidence of Success**

The Evidence for success is seen in the feedback received from the students regarding the examination. Some of their comments are given below:

The main satisfaction is any technical issues the students can contact the Class Advisor immediately to solve it.

Overall performance of the students in their written exam is satisfactory

## **6. Problems Encountered**

Mock examination is mandatory. It is intended to familiarize the students to the examination environment and validate the compatibility of their Desktop/Laptop/Smart-Phone/Tablet or other devices. Further, Problems Encountered during the mock examinations and few technical problems were solved by the technicians before the End Semester Examinations.

## **BEST PRACTICE - 2**

### **1. Title of the practice “Learning Management System”**

### **2. Goal**

A true education is to inculcate a thirst to apply all learned knowledge in their day today life. It will promote Research attitude among the students. Learning Management System is introduced in this Institution to promote students worldly wisdom. It gradually changes the perceptions of the students and broaden their horizon in the challenging and changing

world. When the learning practice is simplified, it would enhance the interest in all the arenas. Learning Management System would help the students to get a clear perspective to select their Post Graduate carrier Program and Doctoral Degree program.

LMS software helps to plan, implement, facilitate, assess, and monitor students learning. It also helps the Institution to maintain the integrity of their educational Programmes. It enables faculty members to effectively and efficiently develop Courses, deliver instruction, facilitate Communication, foster collaboration and assess students. LMS can be used to support traditional face-to-face instruction, as well as blended and online educational environments.

### **3. The Context**

Educational Systems and Methodology are growing at a rapid rate. This system simplifies and attracts the learners to learn new techniques in their respective field. LMS fulfills and enhances knowledge of students thirst.

### **4. The Practice**

The Institution had introduced innovative SEC LMS developed by the faculty members. The LMS provides a new world of possibilities to take the learning to a new level.

- Faculties create their Courses/Lessons in the LMS Software.
- Faculty members create their assignments and tests and students can take the tests as many times to practice it until he or she becomes perfect.
- The Interactive White Board is used to make both teaching and learning more effective, clear, fun and engaging. It white board is a super portable system. Capture devices also allow users to capture all of the ink strokes that are written on the whiteboard. When used in conjunction with a video projector it turns the ordinary whiteboard surface into a fully interactive whiteboard.

### **5. Evidence of Success**

The Evidence for success is seen in the feedback received from the students and staff members. Some of their comments are given below:

- LMS has improved the performance of the faculty members and teaching quality and their integrity.
- Overall performance of the students in their written exam is satisfactory which exhibits the effective and innovative teaching methodology of the faculty members.

- Most of the students have performed well taking care of the minute details of the English Grammar. The students can demonstrate their creative skills.

## **6. Problems Encountered**

Few technical problems encountered in the LMS and which were solved by the technicians.

### **Strengths**

- ✓ University affiliation with 10 years of educational legacy along with NAAC “A” grade accreditation.
- ✓ Supportive management, committed faculty & staff with creative and innovative ideas, motivated students.
- ✓ Sengunthar Charitable Trust Scholarship for 90 % of the students.
- ✓ Implementation of Outcome based Educational process.
- ✓ Strong focus on Excellence in Education, Research and Promotion of Innovation & Entrepreneurship.
- ✓ Periodic Project Review meetings to encourage the students to work on real-life solutions/applications.
- ✓ Excellent Industry-Institution Interaction which in turn very much useful for upgrading the curriculum and syllabus based on current industry needs.
- ✓ Value added courses; Life Skills and Employability Enhancement courses are included as a part of the curriculum for improving the Employability, Entrepreneurship, and Skill development activities.
- ✓ Conversion of Bio-Degradable waste into Bio-Fertilizers by Vermicomposting.
- ✓ Effective function of Rain Water Harvesting.
- ✓ Celebration of National and International Commemorative Days

### **Weakness**

- ✓ Collaborative laboratories with industry to enhance industry institute interaction.
- ✓ Implementing the Innovative Teaching Strategies and Outcome based education as per bloom’s Taxonomy.
- ✓ Strengthening Alumni Association and their Contribution to the institution through Entrepreneurship and Skill development activities.
- ✓ ICT tools for implementation of innovative teaching learning methodology.
- ✓ Students’ awareness on GATE and other competitive examinations.
- ✓ Implementation of renewable energy generation and waste water treatment facility.

### **Opportunities**

- ✓ Considering the socio - economic background of the students there is a scope to focus on pedagogy for seamless transfer of knowledge from the faculty to the students.
- ✓ Entrepreneurship Cell to incubate and encourage students with innovative ideas to develop the entrepreneurship skills among the students.

- ✓ Motivating students to upgrade their knowledge through MOOC courses like NPTEL or SWAYAM which facilitates lifelong learning.
- ✓ Upgrade the laboratories with sophisticated equipment and software tools to train students, support research and consultancy.
- ✓ Learning flexibility through extracurricular activities like sports, NCC and NSS.
- ✓ Enhancing Energy Conservation by new policies and mythologies
- ✓ More facility for Disabled person
- ✓ Better policy and innovative methods for Waste Management

#### Challenges

- ✓ Limited resource funding from national and International funding agencies to pursue cutting edge research and consultancy.
- ✓ Enhancing the communication and employability skills of the students has become a major challenge in the present-day industry demand.
- ✓ Measures to review the course content in order to make them relevant to the present-day industry requirements.
- ✓ Innovations in curriculum and teaching pedagogy to place students at par with global competitions.
- ✓ Lack of interest among the students to pursue research as career.
