

Institution Submits NIRF Rankings Data for 2026

The management of Sengunthar Engineering College has successfully submitted the data for the *NIRF Rankings – 2026*. The submission was carried out in the presence of the Secretary and Correspondent, the Principal, and Dr. Tholkappia Arasu G, Senior Advisor and Vice President of **Aassan eduCare Foundation**. The management expressed satisfaction over the timely completion of the process and conveyed appreciation to all those involved in compiling and validating the institutional data for submission.

World Hearing Day Medical Camp Held at Sengunthar Engineering College

Kumaramanagalam, March 3, 2026: The Department of Medical Electronics (Health Auditor Club) of Sengunthar Engineering College organized a Medical Camp on the occasion of World Hearing Day at the Central Library of the college. The camp was conducted in association with Nivas Speciality Centre and IMA, Tiruchengode. Dr. T. Pradesh Kumar, Audiologist from Nivas Speciality Centre, was the resource person for the programme. He conducted hearing screenings and created awareness about the importance of early detection and prevention of hearing problems. The event was held in the presence of the Chairman, Secretary, Treasurer, Executive Director and Principal of the institution. Faculty members and students participated actively in the camp. The programme successfully promoted awareness on hearing health and highlighted the college's commitment to community service and healthcare initiatives.

SENGUNTHAR COLLEGE OF NURSING, Tiruchengode.

We planned a field visit to the Water Purification Plant and Sewage Treatment Plant in Mettur, Salem. Our third-year B.Sc(Nursing) students attended the visit on March 3, 2026. The visit aimed to provide hands-on experience with water treatment process and waste water management. Students gained insights into coagulation, sedimentation, filtration, and disinfection stages of water purification as well as the importance of proper sewage disposal. The visit enhanced their understanding of public health nursing and water sanitation practices, enabling them to educate communities on safe water handling and hygiene practices.
