10-Days Industrial Internship in Bangalore

Pharmaceutical Technology students recently participated in a 10-days internship training program at a reputed Intertak Pharmaceutical Industry in Bangalore.

The internship provided the students with hands-on training and real-time exposure to various industry practices, enhancing their understanding of pharmaceutical manufacturing and operations. This experiential learning opportunity is expected to significantly contribute to their academic and professional development in the field of pharmaceutical sciences.

World Breastfeeding Week Observed: Sengunthar Nursing Students Excel at GMCH Event

As part of the World Breastfeeding Week 2025 celebrations, the Government Medical College and Hospital, Namakkal, organized a rally and quiz competition on the theme "Prioritize Breastfeeding: Create Sustainable Support Systems."

Students from Sengunthar College of Nursing, particularly those in their third and fourth years of the B.Sc. Nursing program, actively participated in the awareness rally and demonstrated exceptional knowledge in the quiz competition. Their commendable performance earned them the **second prize**, highlighting their awareness of the vital role breastfeeding plays in public health and the importance of building sustainable support systems around it.

The event served as a platform to reinforce the significance of breastfeeding and foster engagement among future healthcare professionals.
